

PDV PROFESSIONAL DESKTOP VIEWERS

Compact D5000 Color Viewing Systems for Prints and Transparencies

- Standard D50 ISO and ANSI Compliance
- Dimming Option for Soft-Proofing
- Horizontal and Vertical Viewing Surfaces
- Easy Transport with Folding Models
- Tighter Control with Optional Sidewalls
- Space-saving Small Base

The Right Look

The Graphiclite® PDV series provides a maximum viewing area with a minimum footprint. The compact, unique design permits you to put proper lighting anywhere it is needed.

The Right Light

These accurate D50 viewers feature innovative, energy-efficient, slim-line lamps and electronic ballasts. Improved lamp/reflector technology provides a smaller and more convenient light source without compromising the light intensity and evenness of illumination specified by industry standards*.

The Right Price

The PDV series brings high quality Graphiclite viewing into an economical price range for all critical color viewing applications, from desktop to press-room.

Color Viewing Where You Need It

Standard D50 viewing conditions for prints, proofs and transparencies right where you need it - next to the color monitor, on the desk, at the lab counter or anywhere critical color inspection is required.

Technical Note

Typical office and studio lighting can dramatically distort color appearance. The benefits of standard viewing systems are well proven: greater color consistency, improved color reproduction quality, reduced color remakes. D50 accuracy and consistency maximize profits and minimize waste.

optional
sidewalls*

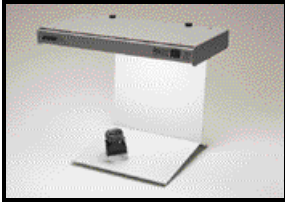

*ANSI and ISO 3664 Viewing Conditions for Graphic Arts and Photography

Choosing the Right Model

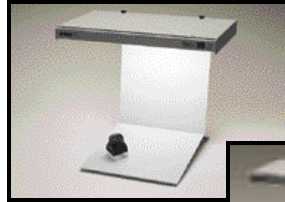

After determining the size and format of the images you will view, use this chart to select the PDV model to fit your needs.

Model	Viewing Areas		Transparency	Optional Sidewalls*
	Reflection Vertical	Horizontal		
PDV-1, PDV-1F	23x26cm	19x26cm		SW-PDV-1
PDV-2, PDV-2/D, PDV-2F, PDV-2F/D	30x30cm	29x30cm		SW-PDV-2
PDV-3, PDV-3/D	38x47cm	29x47cm		SW-PDV-3
PDV-2TR	27x30cm		20x25cm	SW-PDV-2
PDV-3TR, PDV-3TR/D	33x47cm		20x30cm	SW-PDV-3

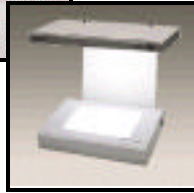

*Sidewalls do not fit on folding models

PDV-1

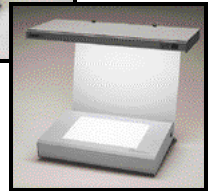

PDV-2

PDV-2TR

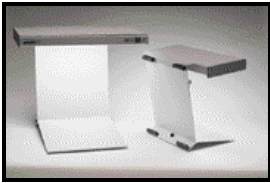

PDV-3

PDV-3TR

Folding Models

PDV-2F, PDV-1F

For easy transport, the PDV-1 and PDV-2 models (designated with "F" in the model number) are available in a folding version, ideal for client presentations or offsite color reviews.

Dimming Models (designated with "/D" after the model number).

Adjusting the light intensity of the viewing system closer to the light output of the monitor significantly enhances the visual color comparison between a color monitor and a transparency, print or proof.

Small or Large Base

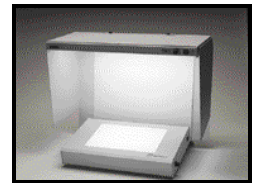

Over 50% less desk space is utilized by removing the horizontal viewing surface (identified in photos with reference "SB"). Folding models ("F") are shipped only with the large base.

PDV-2, PDV-2SB

Optional Sidewalls

The addition of sidewalls reduces the influence from high ambient lighting and provides tighter control of the viewing environment. This feature is available on all standard models except folding versions.

PDV-3TR/D

shown with optional SW-PDV-3 sidewalls

Model	Description	Base Dimensions (width x depth)	Physical Dimensions			Weight	Replacement Lamp Kit
			Height	Width	Depth		
PDV-1	"Mini" Professional Desktop Print Viewer	26x24cm	34cm	41cm	24cm	4 kg	L211
PDV-1F	Folding Version of PDV-1	26x24cm	34cm	41cm	24cm	4 kg	L211
PDV-2	Professional Desktop Print Viewer	30x38cm	43cm	48cm	38cm	7 kg	L215
PDV-2/D	PDV-2 with Dimming	30x38cm	43cm	48cm	38cm	7 kg	L215
PDV-2F	Folding Version of PDV-2	30x38cm	43cm	48cm	38cm	7 kg	L215
PDV-2F/D	PDV-2F with Dimming	30x38cm	43cm	48cm	38cm	7 kg	L215
PDV-2TR	PDV-2 with Transparency Viewer	40x38cm	43cm	48cm	38cm	9 kg	LPDV-2TR
PDV-3	Large Professional Desktop Print Viewer	47x38cm	51cm	64cm	38cm	10 kg	L217
PDV-3/D	PDV-3 with Dimming	47x38cm	51cm	64cm	38cm	10 kg	L217
PDV-3TR	PDV-3 with Transparency Viewer	48x41cm	51cm	64cm	41cm	14 kg	LPDV-3TR
PDV-3TR/D	PDV-3TR with Dimming	48x41cm	51cm	64cm	41cm	14 kg	LPDV-3TR
