

PAPER PRESS PACKING

Quality paper press packing products

We supply a selection of SunShine precision-engineered and precision-manufactured paper press packing. These products are specifically developed to build up the plate and blanket cylinders to the proper diameter or height to meet the press manufacturer's specifications.

Correct packing insures the proper balance of pressure ("squeeze") between the inked plate and the surface to which it is applied to provide the best image quality.

Careful attention to the packing relationship between the plate cylinder and the blanket cylinder will reduce waste and make-ready time and assist the press operator in delivering a quality printed product. This press packing paper is manufactured to exacting specifications with a special fiber to insure resilience and strength, smoothness, durability and caliper uniformity.

Quality Paper Press Packing Products

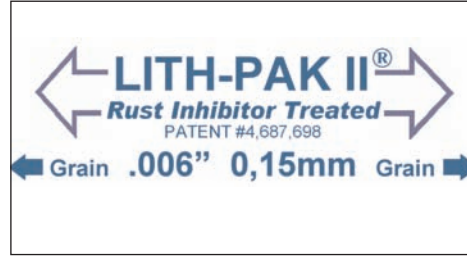

Features of SunPak, Lith-Pak II and ColorPak

- Suitable packing for plate, blanket, transfer cylinder or coating unit
- For use on all sheetfed and web presses
- Precision-engineered
- Uniform caliper from edge to edge
- Anti-slip coating treatment
- Caliper maintained during the entire press run
- Uniform fiber distribution throughout the entire surface
- Resistance to compression
- Smooth level surface
- Available in cut sheets or rolls

Special Feature of SunPak

- Small press pack program

Additional Features of SunPak and Lith-Pak II

- Superior density
- Superior sheet strength
- Caliper and grain print indicator
- Available calipers: .002-.016"/.05-.4mm

Special Feature of Lith-Pak II

- Anti-corrosion treatment

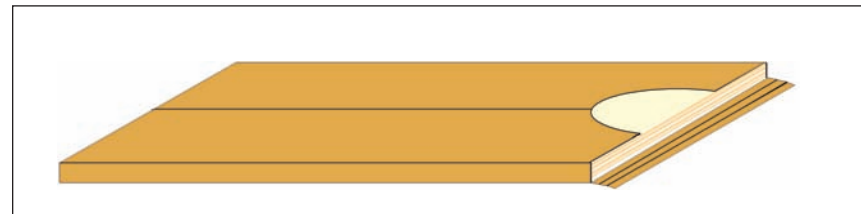

Special Features of ColorPak

- Color-coded calipers for easy selection and use
- Excellent wicking resistance
- Grain print indicator
- Available calipers: .003"/.075mm, .004"/.1mm, .005"/.125mm, .006"/.15mm, .007"/.175mm, .008"/.2mm, .009"/.225mm, .010"/.25mm, .012"/.3mm, .016"/.4mm

.003"/.075mm	.004"/.1mm	.005"/.125mm	.006"/.15mm	.007"/.175mm
.008"/.2mm	.009"/.225mm	.010"/.25mm	.012"/.3mm	.016"/.4mm

ColorPak has color-coded calipers for easy selection and use

SunPak Small Press Pack Program

SunPak is available from stock in an easy-dispenser carton with thumb notch for quick opening and closing. The carton protects the cut sheet material and saves time in handling and storage. Available in precut sizes of 15x21"/38x53mm, 20x26.5"/51x67mm, 24x30"/61x76mm, 25x38"/64x97mm, 32x32"/81x81mm, in calipers of .002-.016"/.05-.4mm. Packaged in cartons of 100 or 50 sheets (except .016"/.4mm which is packaged in cartons of 25 sheets).
