

Virtually Static-Free

No more cling. No more ink build-up. No more marking. No more wasted sheets.

Reduces Waste and Increases Profits

Make life a little easier and become more productive instead of messing around with your anti-marking system.

When service counts, count on Grafitec.

***Integrated and disposable
anti-marking, anti-static kit***

This fully integrated, disposable anti-marking, antistatic kit with all the features of a **SUPER BLUE 2^{LT}** system is designed specifically for today's high-quality and fast-paced demands.

Absolutely Hassle-Free

No more net adjustments or replacements as the **SUPER BLUE 2^{LT}** system incorporates the **STRIPENET[®]** anti-marking net and the base cover in a single integrated piece. Simply remove and replace when needed.

Requires No Washing

No more wasted downtime cleaning your anti-marking system. The unique **SUPER BLUE 2^{LT}** system is 100% wash- and maintenance-free. Just remove the old one and replace it with a new one.

Easy Installation

No more mechanical clamping systems. (Adhesive styles work on most presses with clamping systems, avoiding use of the clamps; non-adhesive styles are available for most clamping systems.) No more spray adhesives. No more messy installation procedures. Simply peel the backing off the specially formulated tape and stick it to your clean cylinder. It then comes off without leaving a sticky residue behind.

Available for most press models
