

## CLEAR GEL

### *Non-Abrasive Roller Cleaner and Calcium Remover*

Clear Gel is an ideal product for daily cleaning and deglazing of rollers and for quick color changes. Clear Gel removes contaminants from rollers and, when used regularly, will keep rollers like new. It is compatible with all press rollers and is perfect for cleaning color heads.

#### **Benefits**

- Prevents stripping and glazing
- Removes contaminants and calcium
- Ideal for quick color changes (even black to yellow)
- Extends roller life
- Safe for daily use
- Will not swell rubber
- Compatible with all presses
- Perfect for cleaning color heads

#### **VOC**

.84 Lbs. per gallon/99.9 grams per liter

#### **Directions**

Remove ink from the press with a roller wash. Shake Clear Gel well and apply a thin bead to the distribution roller. Idle the press for 2-3 minutes and remove with roller wash.

#### **Packaging**

Bottle 16 oz./473 ml (6 per case)
