

CMB CRITICAL COLOR INSPECTION BOOTHS

CMB-3052

Complies with these standards:
ASTM D1729 • SAEJ361 • Tappi 7515
• BS-950 Part 2 • ASI 1580.6001.1

A height-adjustable floor stand with casters is available for all sizes.

For Color Inspection and Matching

Use for inks, paints, paper, plastics, textiles, colorants and all colored materials

The CMB series presents color matching systems designed to deliver every option and feature you need to evaluate and communicate color with absolute confidence. The three standard sizes will accommodate nearly any sample size (if not, larger custom sizes are available).

tion of metamerism (when color samples appear to match under one illumination condition but distinctly change when viewed under another one). All GTI® color matching booths are supplied with a certificate of product conformance (NIST®-traceable).

Included sidewalls can be removed

Multiple light sources provide an essential tool for visual color assessment, comparison of color variation and detec-

Three Standard Viewing Area Sizes

CMB-2028 20x28"/51x71cm
CMB-2540 25x40"/64x102cm
CMB-3052 30x52"/76x132cm

Units can be combined for increased width. Larger custom sizes are also available.

Numerous Exceptional Features

GTI ColorGuard II®

- Tracks all light source usage
- Indicates when to relamp

Digital Programmable Control

The new digital control provides "instant-on" light source selection.

Five Light Sources

- Artificial daylight (D65, D75 or D50)
- Store light (CWF or TL84)
- Home light (incandescent A)
- Ultraviolet light
- Optional source (D50, 30U, TL84, TL83, Horizon)

Other Features

- Push-button "instant-on" lamp selector
- Automatic light source sequencing
- Munsell N7/ grey surround
- Optional stand, drawer and cabinet accessories

A portable PDV-2e/M model with four light sources is also available. See our specific product brochure for additional information on it.

Standard Illuminants

The spectral power distribution of typical illuminants specified for visual color matching is shown below. Note the significant differences in shape which enhance detection of metamerism.

DAYLIGHT (CIE D65, 6500K)
Full spectrum

and color balanced for critical color evaluation and color communication

STORE LIGHT CWF (4100K)
Green/yellow

bias, high lumens/watt, energy-efficient

HOME LIGHT Incandescent (CIE 'A', 2856K)

Red/orange bias, tungsten filament source

OPTIONAL TL83 (3000K)
Green bias,

triphosphor narrow band, energy-efficient

UV used with or without visible sources. Allows for the detection of optical brighteners, whitening agents and fluorescent dyes or pigments.

Floor Stand and Storage Accessories

Floor Stand
Height-adjustable floor stand on casters (models FS-2028, FS-2540, FS-3052)

Storage Cabinet
Available for models CMB-2540 or CMB-3052. Can be used with single (1F) or double (2F) drawer, or riser (TS).

File Drawers
Single deep (1F) or double shallow (2F) drawers for all models. Can be used with or without floor stands and cabinets.

Flat Files
Available for models CMB-2540 or CMB-3052. Can be used with single (1F) or double (2F) drawer, or riser (TS).

Model	Description (height x width x depth)	Physical Dimensions (height x width x depth)	Operation
CMB-2028	19x28x20"/48x71x51cm	24.75x30x21.5"/63x76x55cm	225 watts
FS-2028	Stand for CMB-2028	Adjustable table height: 32-48"/81-122cm	
CMB-2540	25x40x25"/64x102x64cm	31x42x26.75"/79x107x68cm	602 watts
FS-2540	Stand for CMB-2540	Adjustable table height: 32-48"/81-122cm	
CMB-3052	30x52x30"/76x132x76cm	36x54x31.5"/91x137x80cm	788 watts
FS-3052	Stand for CMB-3052	Adjustable table height: 32-48"/81-122cm	

Viewing Accessories

Model VS-45
45° viewing stand in Munsell N7/ grey

Matte Black Insert Panels
Set for sidewalls, rear wall, floor panel

Model CRD
Helpful tool designed for demonstrating and communicating the dramatic visual color effects of different light qualities on identical color samples

Additional Products for Color Matching

MiniMatcher®
Color matching booths

PDV-2e/M
Portable color matching unit with four light sources

GLE-M For large sample color evaluation, color matching overhead luminaires with 4 and 5 light sources
